LICENTIATE IN THEOLOGY

QUALIFICATIONS IN

PASTORAL THEOLOGY | SPIRITUAL THEOLOGY

The Theological Faculty of Triveneto

The Theological Faculty of Triveneto is a Christian Faculty of Theology with head seat in Padua. It was founded in 2005 thanks to the initiative of the Triveneto Bishops' Conference to improve academic formation, theological research, cultural dialogue and service to pastoral and social reality.

Licentiate in Pastoral Theology and Spiritual Theology

This course of studies (second academic cycle) aims to form experienced and qualified pastoral operators and to meet the demand for spiritual formation.

It is a two-year course programme and consists of two qualifications:

Pastoral theology offers a competent formation on the church's activities highlighting the following aspects: accompaniment of young people and families; qualified preparation for laymen, laywomen, believers and presbyters engaged in the life of ecclesial communities and of secular society.

Spiritual theology promotes the study of Christian experience in context of other religious traditions and meets the emerging demand for a spiritual formation. Moreover, it is an enriching experience for laymen, laywomen, believers and presbyters engaged in education and pastoral activities.

Formative offer

The study plan consists of basic and common courses; seminars-laboratories; pastoral and spiritual paths. Seminars-laboratories promote a debate with praxis:

- Seminar-laboratory in pastoral theology: *Forms of family. Pastoral ministry in the face of social and cultural transformations.*
- Seminar-laboratory of spiritual theology: *Mysticism: content, spiritual experience, history, and listening.*

I will enroll to Licentiate

- ✓ To pursue the church theological thought and to improve my knowledge of the Gospel
- ✓ To learn to meditate over pastoral praxis and to face the religious, cultural, social and political reality of my Country
- ✓ To respond to real pastoral needs in my local church, in my institution, in my ordained and apostolic life
- ✓ To accompany the people of my community – children, young people, families – in their path to life and faith
- ✓ To give suggestions for a new evangelization: in catechesis, in spiritual accompanying, in the dialogue with other Christian beliefs, in preaching and in the relation with local creeds
- ✓ To understand and enhance the spiritual tradition of my Country
